<b>Trail options:</b>	There are loads of great trails around the Hobart and southern region that we can suggest if you need some inspiration, or you may have your own ideas as to where you want to go.														
<b>Damage:</b>	As a commercial business, we understand there is a certain amount of general wear and tear on our bikes. However, if breakage occurs due to over-exuberant usage and general misconduct, we will be forced to charge the school for replacement parts and bike shop rates for repair. This is something to bear in mind when you consider which trails you want to ride, discuss with us if you have any concerns.
